Gentlemen-Our organization of New Mexico women, alive to all that concerns our territory and people, recogniging the fact that our future pros perity and advancement depend very largely upon the building up of the sublic schools, and as upon women principally devolves the care and training of the young, and as parents are their children, and as in our neighboring territories, Arisona and Oklahoma, men and women share equally the duties and responsibilities of developing and directing the public schools, therefore, as citizens of New Mexico, and vitally interested in all that makes for the building up of the homes, the adrelopment of our territory, we beg your solution, which asks that women should be granted an equal voice with men in all matters pertaining to our ing the present year. public schools and its incorporation in

FROM SOUTH AFRICA.

ter to George P. Owen.

HE IS WELL-KNOWN IN ALBUQUEPQUE.

George P. Owen, proprietor of the Grand Central hotel, has received a letter from Lieutenant Albert H. Letth, who is fighting for Queen Victoria in South Africa. The Beutenant is wellknown in this territory, especially here and in Grant county, where he was interested in mining and in the stock rateing business. He was, for a short time, interested in the Golden 'wiriet, but on disposing of his property there, he came to Albuquerque, purchased a riding puny, and enjoyed a real leisurely life, vibrating between this cuy, the Jemes and Sulphur hot springs quite Crequently. The Heutenant left he Grand Central hotel this month one year ago, and when he reached Lendon he found that during his absence in America his mother had died, leaving him a targe legacy, and requested him to remain at home. However, he was fired with the war spirit and he enhated to do service in South Africa.

Mr. Owen is in receipt of the follow ng interesting letter dated Pebruary 0, wince which time Ladysmith has een relieved.

Chievely Camp. Natal, Peb. 10, 1999-Dear friend Owen: - I have often inended to write you a line to let you know how the world wags with me for here I am leading a troop in the South African Light Horse and fighting the Boers in Bouth Africa. We are in the Natal Field Force, the relief of Ladyunith our present object, but even if we have found the Boers a hard nut to erack, with their natural mountain trongholds and assiste d by French, German and Russian officers, and actitlery men, and splendidly armed, we are determined to settle the matter definitely by arms this time, whatever it
